

WHEN DOES IT END??? First of all, this (XM Radio) is a pay site much like HBO, Cinemax, and Showtime and since we the customers are PAYING for this service I dont feel the need for ANY agency to WATCHDOG what I listen to! Other pay media services arent being hounded or hassled so WHY start with XM Radio? SURELY the people behind this campaign against XM Radio could find something MORE productive to do with their time. And as for any congressman or government official having any part of this, REMEMBER.. you ARE an elected official.. and you CAN be replaced! Bottom line.. MIND YOU OWN DAMN BUSINESS!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
